

Pretekt Gag Clause Attestation Data Request

Collect the contracts and amendments that govern provider access for your health plan¹. Secure copies of all documents from your internal legal team or directly from carriers and vendors. [Here is a sample letter](#) you can use to request these documents from carriers and vendors.

Document Name	Document Description
Administrative Services Agreement (ASA or ASO)	A contract between an employer and a third-party administrator (TPA) where the TPA provides administrative services for the employer's self-funded health plan.
Pharmacy Benefits Management Agreement (PBM)	A contract between a health plan or employer and a PBM where the PBM provides pharmacy claims processing, formulary management, network contracting, and other pharmacy services for the health plan's pharmacy benefits.
Master Service Agreements (MSA)	Contract that provides the terms and conditions under which a company will provide administrative services for the sponsor's self-funded group health plan. This can include claims processing, network access, utilization review, reporting, and other services to administer the self-insured benefits on behalf of the plan sponsor.
Non-Disclosure Agreements (NDA)	Separately executed non-disclosure agreements referenced by ASA, TPA, PBM, MSA agreements but not incorporated in them.
Other Service Provider Contracts	Contracts for, "other service provider offering access to a network of providers that would directly or indirectly provide care". Examples: Point solution agreements (e.g. diabetes care, msk care), lab services agreements, provider direct contracting agreements.
Stop Loss Agreement/Contract	A policy that a plan sponsor purchases to predictably cap expenses for employee medical claims. It's a specialized policy to protect self-insured plan sponsors from catastrophic losses.
